

Section 10.4 Parking Space Requirements

A. Compliance with Required Number of Parking Spaces:

1. **Required Spaces:** The minimum number of off-street parking spaces to be provided on each lot shall be as specified in this Section according to land use type. Where a lot is comprised of multiple uses, such as in the case of a motel with a restaurant or a building comprised of office and retail tenants, the total number of spaces to be provided shall be the sum of all of the individual uses except as may be otherwise provided by the Article.
2. **Waivers:** Where it can be demonstrated according to the discretion of the site plan approving body that the parking requirements of this Section would result in more parking spaces than are necessary for the parking needs of a particular use, the site plan approving body may approve a parking plan with fewer spaces than required by this Section according to the following requirements:
 - a. The applicant shall provide written evidence to the site plan approving body that the parking proposed on the site for the specific use is sufficient to meet the parking needs of those who will patronize the use as well as the parking needs for employees during the largest working shift. Such evidence may consist of: arrangements for nearby shared parking, evidence that the proposed use will also be patronized by pedestrians, evidence from the parking history of the proposed use or a use similar to the proposed use at other locations, or that there is sufficient designated parking within the road right-of-way and such designated parking is authorized by the governmental entity having jurisdiction over the road right-of-way, and the use of such right-of-way will not result in a visible increase in traffic congestion or traffic hazards.
 - b. If a plan is approved to allow fewer parking spaces than required by this Section, such parking plan shall only apply to the stated use. All other uses shall comply with the requirements of this Section.
 - c. The site plan approving body may require a reserved parking area on the lot for possible future use, and the site plan approving body may subsequently require the applicant to construct additional parking spaces on the lot if the site plan approving body finds that the reduced number of parking spaces is not adequate to meet the parking needs of the use and public safety and welfare is at risk. Upon such a determination, the applicant shall convert the reserve parking area into available parking spaces, meeting all requirements of this Article, within six (6) months of such determination. The approved site plan shall clearly identify the location of this reserve area including parking spaces and aisles, and no buildings, structures, or similar improvements shall be established in the reserve area.

B. Residential Uses:

1. **One and Two Family Dwellings:** Two (2) spaces for each single family dwelling unit.
2. **Multiple Family Dwellings:** Two (2) spaces for each multiple family dwelling unit plus one space per five (5) units for guest parking, and one (1) additional parking space shall be provided for each employee of the largest work shift.
3. **Assisted Living Facilities and Group Homes (adult foster care):** One (1) space for every three (3) residents of the home, and one (1) additional parking space shall be provided for each employee of the largest work shift.

C. Commercial Uses: In addition to the parking spaces required below, an additional one (1) parking space shall be provided for each employee of the largest work shift.

1. Housing, Lodging, and Care Facilities:
 - a. **Bed and Breakfast:** One (1) space for each rental room.
 - b. **Hospital:** One (1) space for each two (2) beds.
 - c. **Motels and Hotels:** One (1) space for each sleeping unit.
 - d. **Medical Clinics:** Two (2) spaces for each examination or treatment room.
 - e. **Day Care Centers, Child Care Center, Nursery School, School of Special Education:** One (1) parking space for each 350 sq. ft. of usable floor space or one (1) space for each seven enrolled persons, whichever is greater, and a drop-off area capable of accommodating six (6) vehicles.
 - f. **Nursing Facility, Convalescent Home, and Home for the Aged:** One (1) space for each three (3) beds.
 - g. **Senior Independent Housing:** One (1) space per living unit.
2. Recreation:
 - a. **Par 3 Golf Courses:** Three (3) spaces for each hole.
 - b. **Par 4 or Greater Golf Courses:** Four (4) spaces for each hole.
 - c. **Miniature Golf Courses:** Two (2) spaces for each hole.
 - d. **Roller Skating Rinks and Pool and Billiard Rooms:** One (1) space for every three (3) persons allowed based on the maximum capacity of the facility as determined by the State Construction Code.
 - e. **Bowling Alleys:** Three (3) spaces for each alley.
 - f. **Athletic Clubs, Physical Exercise Establishments, Health Studios, Self-Defense Clubs:** One (1) space per three (3) patrons based on the occupancy load established by the State Construction Code.
3. Retail Sales:
 - a. **Automobile or Machinery Sales:** One (1) space for each 200 sq. ft. of showroom floor area. Spaces used for storage of vehicles for sale shall not be used to meet parking requirements.
 - b. **Clothing, Furniture, Appliance, Hardware, Automobile, and Machinery Sales.** One (1) space per six hundred (600) square feet of gross floor area.
 - c. **Service Stations:** Two (2) spaces for each repair and service stall (a service stall is not considered a parking space) and one (1) space for every two hundred (200) sq. ft. of gross floor area exclusive of stall areas. Parking spaces available for the fueling of vehicles may be applied to meeting up to seventy percent (70%) of the required one (1) space for every two hundred (200) sq. ft. of gross floor area. See subsection (i) regarding additional spaces in association with retail sales.
 - d. **Standard Restaurants, Taverns, and Bars:** One (1) space for every three (3) seats provided plus one (1) additional space for each fifty (50) sq. ft. of standing room available to customers.

- e. **Restaurant, Drive-Through (with indoor eating facilities):** One (1) space for every three (3) seats and fifteen (15) sq. ft. of floor area devoted to placing orders, plus sufficient area for eight (8) stacking spaces for drive-through windows.
 - f. **Restaurant, Drive Through (no indoor eating facilities):** One (1) space for every 15 sq. ft. of usable floor area.
 - g. **Restaurant, Carry-Out (no indoor eating facilities):** One (1) space for every fifteen (15) sq. ft. of usable floor area, provided a minimum of five (5) spaces are provided.
 - h. **Supermarket, Convenience Store, Self-Service Food Store:** One (1) space for every three-hundred (300) sq. ft. of useable floor area.
 - i. **Retail Stores and Facilities, (not otherwise specified above):** One (1) space for every two hundred (200) sq. ft. of usable floor area.
4. Offices and Services:
- a. **Banks and Financial Institutions:** One (1) parking space for every 250 sq. ft. of usable floor area plus sufficient area for five (5) stacking spaces for the first drive-through window and two (2) spaces for each additional window.
 - b. **Barber Shops and Beauty Parlors:** Two (2) spaces for each chair and other treatment station.
 - c. **Vehicle Service/Repair:** Two (2) spaces for each service bay, but not less than six (6) spaces.
 - d. **Car Wash, Automatic:** For those systems which do not operate as a continuous conveyor system accommodating multiple vehicles at a single time, reserve parking or storage for eighty (80) percent of the manufacture's hourly rated capacity for the system in use shall be required.
 - e. **Car Wash, Self-Service:** Reserve parking required to accommodate up to five (5) times the maximum number of vehicles able to be undergoing some phase of washing at the same time, determined by dividing the awaiting wash line(s) by twenty (20) feet.
 - f. **Funeral Homes and Mortuaries:** One (1) space for every fifty (50) sq. ft. of floor area of chapels and assembly rooms.
 - g. **Kennels:** One (1) space for each five (5) animals of the facility's capacity.
 - h. **Laundromat:** One (1) space for every three (3) washing or drying machines.
 - i. **Offices and Professional:** One (1) space for every two hundred (200) sq. ft. of gross floor area.
 - j. **Personal Service Establishments (not otherwise specified above):** One (1) space per four hundred (400) feet of gross floor area.
 - k. **Banquet Hall:** One (1) space for every four (4) seats provided plus one (1) additional space for each fifty (50) sq. ft. of standing room available to attendees.

D. Industrial Uses: In addition to the parking spaces required below, an additional one (1) parking space shall be provided for each employee of the largest work shift.

1. **Industrial or Manufacturing Establishments:** One (1) space for every two-thousand (2,000) sq. ft. of floor area.
2. **Warehouses, Wholesale Stores:** One (1) space for every one-thousand (1,000) sq. ft. of floor area.

E. Other Uses: In addition to the parking spaces required below, an additional one (1) parking space shall be provided for each employee of the largest work shift. For the purpose of this subsection, in the case where seating is provided by bench seating, including pews, a bench segment of twenty-four (24) inches shall be equal to one (1) seat.

1. **Religious Institutions:** One (1) space for each three (3) seats in the main unit of worship.
2. **Non-School Auditorium, Theater, Assembly Hall:** One (1) space for each four (4) seats, or one (1) space for each three (3) persons based on the occupancy load as established by the State Construction Code, whichever is greater.
3. **Private Civic Club or Lodge:** One (1) space for each three (3) members, based upon the load capacity as determined by the State Construction Code.
4. **Elementary and Middle Schools:** One (1) space for each twenty (20) students plus one (1) space for every four (4) seats where the school contains an auditorium and/or stadium or gym.
5. **High Schools:** One (1) space for each ten (10) students (based on the capacity of the facility as determined by the State Construction Code), plus one (1) space for every four (4) seats where the school contains an auditorium and/or stadium or gym.
6. **Libraries and Museums:** One (1) space for every four hundred (400) sq. ft. of floor area.
7. **Outdoor Theaters and Other Outdoor Entertainment Facilities:** One (1) space for every four seats and one (1) additional space for one hundred (100) sq. ft. available to accommodate additional attendees not otherwise restricted to a fixed seating area.
